*High quality basic wear to high performance functional apparel.*

## Sustainability and Social Responsibility

*We are aware of our responsibility to contribute to global environmental protection and to establish socially fair and sustainable supply chains. This is why we have set in place various best practices in our production and our factories are a member of the **amfori Business Social Compliance Initiative (BSCI)**. To ensure ongoing compliance our manufacturing site is regularly audited and accredited by third party institutes.*

We are a member of amfori, the leading global business association for open and sustainable trade, and are therefore working to improve social and ecological performance along our supply chain with the help of amfori BSCI and amfori BEPI. To learn more, please visit [www.amfori.org](http://www.amfori.org)

## Who we are

*Aparso is a fully integrated international outdoor brand. Established in 2015 as a German Chinese Joint Venture between a high-tech textile manufacturer and a German family owned, product development company. Together building on over 40 years of experience.*

*With this background we have started to create a selective collection ranging from high quality basic wear to high performance functional apparel. Our German product development teams are working closely with its colleagues in China to maintain highest quality standards. Next to our aspiration for quality, we also care about the sustainability of our products. We therefore aim for natural, sustainable or recycled materials and are using advanced production technologies that help save the environment.*

*Aparso is one of a few brands that produces in fully owned manufacturing facilities. With production and development in our own hands we can guarantee an efficient, fair and sustainable supply chain. This set up allows us to provide highest quality in materials and workmanship at a fair price.*

## Aparso Slovakia

*As one of the top european destinations for outdoor activities with a growing demand for outdoor consumer goods, Slovakia has become our primary market outside of Germany.*

*Together with our local partners we have set up a fully owned subsidiary company in the heart of Slovakia's outdoor tourism region. We want to be present and accessible to cater directly to our growing number of sales partners in Slovakia and Eastern Europe. In quest for experiences - venture beyond the ordinary.*
